

**Jemson Green are set to release 'Sober', their debut single this spring.**

**Since the band's conception in March 2005, Jemson Green has been forging their style resulting in a powerful riff based rock sound.**

**The band's live show has prompted reviewers to say, 'It's a show you won't want to miss'. These live shows have helped the band build a solid fan base and has helped Jemson Green attracted interest from as far away as Germany and U.S.A.**

**The band has received substantial radio play in Ireland for their first demo, which included the tracks 'Free Our Souls' and 'Hesitate'. Already interest in 'Sober' is growing.**

**While the band are already planning the follow up to 'Sober', talks are underway to record with Top Rock Producers. The band is also in negotiations with Movie Producers for the use of their music and with Booking Agents in Europe and U.S.A.**

**2007 is set to be Jemson Green's year.**

**Sober will be available to download from February 9th on [www.outersounds.ie](http://www.outersounds.ie)**
